Intellectual Property Right Cell (IPR Cell)

The IPR cell is committed to encourage, protect, manage and commercialize intellectual properties such as patent, copyright, trademark, domain name, industrial design, etc. generated through the college. The cell creates conducive environment of intellectual property.

The cell was aimed to provide intellectual property rights awareness for teachers and students. the IPR cell can contribute knowledge about IPR and aid in filling of patent applications. IQAC in association of IPR cell organizes special lectures and seminars by experts. The cell propagate the importance of IPR among teachers and students.

Objectives

The creation of an Intellectual Property Rights (IPR) cell typically involves several key objectives. Some common objectives include:

- To create awareness and educate on Intellectual property rights (IPR) among faculty and students of the college.
- To advice and guide faculty and students on the importance of IPR.
- To conduct workshops, activities and training programs on IPR.
- To provide guidelines on applicable laws and regulations regarding IPR.
